- npm

```
# & package  
npm install --registry https://registry.npmirror.com  
  
#  
npm install three --save --registry https://registry.npmirror.com
```

```
# 安装
```

```
npm run dev
```

• yarn

```
# 安装 yarn
```

```
npm install yarn -g --registry https://registry.npmmirror.com
```

```
# 安装 package
```

```
yarn install --registry https://registry.npmmirror.com
```

```
# 添加
```

```
yarn add three --save --registry https://registry.npmmirror.com
```

```
# 运行
```

```
yarn run dev
```

```
